**REGENCY SILVER ANNOUNCES CLOSING OF OVERSUBSCRIBED
\$4 MILLION BROKERED PRIVATE PLACEMENT INCLUDING FULL EXERCISE OF OVER-
ALLOTMENT OPTION
LED BY CENTURION ONE CAPITAL**

Vancouver, BC – September 3, 2025 – Regency Silver Corp. (“**Regency Silver**” or the “**Company**”, TSXV-RSMX and OTCQB-RSMXF) is pleased to announce the successful closing of its previously announced and upsized private placement (the “**Offering**”) of units of the Company (the “**Units**”). A total of 40,000,000 Units, including the full exercise of the over-allotment option were sold under the Offering at a price of \$0.10 per Unit (the “**Issue Price**”) for aggregate gross proceeds of \$4,000,000. The Offering was led by Centurion One Capital Corp. as lead agent and sole bookrunner (the “**Agent**”).

Bruce Bragagnolo, Executive Chairman and Chief Executive Officer of the Company commented: *"Regency is very pleased in closing this oversubscribed financing as the proceeds will allow us to continue to illustrate the size, scale and potential of our Dios Padre Project. This new capital will allow us to continue with our drilling in order to add shareholder value by advancing our understanding of the scale of the mineralization at Dios Padre. Regency is fully permitted for drilling and the drill is scheduled to arrive on site by the third week of September to drill along strike from our last drill hole, Hole REG-23-21, which assayed 38 metres of 7.36 g/t gold."*

Each Unit consists of one common share in the capital of the Company (a “**Common Share**”) and one-half of one Common Share purchase warrant (each, whole Common Share purchase warrant, a “**Warrant**”). Each Warrant entitles the holder to purchase one additional Common Share (a “**Warrant Share**”) at a price of \$0.20 at any time on or before August 29, 2027.

The net proceeds of the Offering will be used for drilling on the Company’s Dios Padre Project in Sonora, Mexico and for general working capital purposes.

In connection with the Offering, the Company paid a cash commission of \$320,000 and issued 3,200,000 broker warrants (the “**Broker Warrants**”). Each Broker Warrant entitles the holder to acquire a Unit at the Issue Price at any time on or before August 29, 2027.

In accordance with applicable securities laws, the securities issued in connection with the Offering are subject to a statutory hold period ending December 30, 2025.

Certain insiders of the Company participated in the Offering, acquiring an aggregate of **3,620,000** Units on the same basis as other subscribers. The participation in the Offering by insiders of the Company constitutes a “related party transaction” as such term is defined under Multilateral Instrument 61-101 *Protection of Minority Security Holders in Special Transactions* (“**MI 61-101**”). The Company is relying on exemptions in MI 61-101 from the formal valuation and minority shareholder approval requirements. The Company relied on Sections 5.5(a) and 5.7(1)(a) of MI 61-101 for exemptions from the formal valuation and minority shareholder approval requirements under MI 61-101 as neither the fair market value of the Units nor the fair market value of the consideration paid for the Units, insofar as it involves the related parties, is more than 25% of the Company’s market capitalization. The Offering was unanimously approved by the Company’s board of directors. As the material change report relating to the completion of the Offering will be filed on SEDAR+ less than 21 days before the completion of the Offering, there is a requirement under MI 61-101 to explain why the shorter period is reasonable or necessary in the circumstances. In the Company’s view, the shorter period is reasonable and necessary in the circumstances because the related parties and the Company wished to complete the Offering in a fashion that resulted in the invested funds being received directly by the Company in a timely manner such that the funds could be accessed immediately by the Company to advance its ongoing exploration activities.
